Treasurer's Report:

Lonnie gave out the bank statement.

-we have 31 members and many are new people we don't know.

-we discussed a new member ride/BBQ followed by a road trip.

-Brian is going to turn in the brochure receipt from the printing for the Young Professionals

Meeting Place:

-The Bicycle Pedaler was approached. Ruth was ok with us meeting there but pointed out that there is a lack of space. Her opinion was that the meetings should be at a neutral location (not bike stores) and should be stationary.

- One goal is to promote our relationship with the bike shops.

- This spun into an email etiquette discussion on what the forum is vs. the email list.

VOTE:

-unanimous to stay consistent and not rotate

- 6 voted to try Gander Mountain for a period of 3 months

-We were reserved for Thursdays through December. We need to make sure those dates are still available. Bobby will get us back on the calendar.

-The YMCA and Genesys are also options we can consider down the road.

Bike Shop Relationships: are important.

-we think we're pretty good with all of them

-Brian liked Jerry's idea of inviting the shop owners out to a ride

-Bobby will call and ask if we can promote each shop on our web site

Signs-Lyle's:

-Paula showed the sign she and Terry designed.

-We agreed to get a vinyl print to mount on a steel or aluminum sign. It should be a brown background with yellow reflective lettering to match other forestry signs. Terry will have two signs printed.

Rides and Work Days:

-Group/club ride – will be at Millers on May 20 10am – 2pm. Randy will do the food run that morning once a headcount is taken. Bobby and Jerry will bring grills.

Paula will create a flyer and promote the ride by sending the flyer to each club member via snail mail

Free water bottles for members from the Pedaler

Misc:

If a guest would like to come to a KSS meeting in the future and bring an agenda item, it should be cleared with the core board members first.
