

KSS Meeting minutes
October 11, 2007

Bobby Smith (and his facial hair), Ken Bishop, Kevin Smith, Steve Herdler, Ruth & Lonnie Cooper, Roy Hannah, Paula Stout, Jerry Bratt & Terry Plenert

Need to get better attendance at meetings – how? Some discussion. No ideas.

Santa Fe: Kevin is interested in working and doing continuous maintenance. Discussed various jobs that need to be done out there.

Miller's: Bridge issue. The bridge is still up that we are not using, we could use it to fix the issue closer to the start. Need about 16 feet of bridge. Roy has a smoker and steel drum for activities at Miller's and for leaving out there.

Halloween Ride: Do something like years past. October 27th.

McArthur Park: Needs flagged. Is a bit of an open field. Jeff has everything we need to landscape and build it. Discussed potential obstacles and the fact that it is close to the bike path.

Club rides: Start doing club rides closer during the warmer months.

Fall River: Workday is Oct 20. KDWP had an open meeting about grant proposals. Terry P Attended. There is a series of open meetings before it is turned over to the Feds. We should know by mid December.
