

April 10, 2008 – Kansas Singletrack Society

Attending: Jim Griffin; Bobby Smith, Loy Graham, Kelly Harper, Terry Plenert, Kevin Smith, Byron, Paula Stout, Brandon Whitetree, Steve Carlson, Jon Chamberlain, Earl Martling.

Introduction of club to new visitors to the meeting.

This weekend.. camp out at Bobby's.. directions and details to follow on BikeKansas. Get together sometime Saturday. Bring your own stuff.

Pascal Trail: Eberly Farms may be open to us riding over on their trail.

Fall River: Would like to do a work day on the weekend of the 19th. There are only really two weekends left that we can work on this trail. After may is too hot and the fall is too busy. Those who aren't going to do the gravel road ride should try to come out.

Santa Fe: Kevin is going to put the signs in sometime in the next few weeks while the ground is soft.

Horizon: The "noose" vine has been removed from the bottom. Neil has been keeping up with fallen trees, chainsawing them.

Millers: Wet. A few spots need some work. It's still torn up from the pipes being put in, but we should be able to regain it when that is finished.

Chapin: No update. Haven't heard from anyone and doesn't appear to be anything being done yet.

KSS TdD Team: Team raced for the first time at Turkey on 3/30. We racked up 150+pts points. The 50+ racers had 6 people and the top 3 were KSS.

Jerseys: So far we don't see the need to order more. We should advertise on BK to see if there are any who would like to order. 2 race mediums and 1 club small are left now.

GRAK: April 18 – 55 miles first day to Miller's.. then 40 more to Newton. 115 miles to Minneapolis and stop at Coronado on the way, then 80-90 miles to Nebraska on the third day. Tim, Mark, Derek, Paula, Bobby, Earl, Loy.
